TECHNICAL SKILLS

Languages

JavaScript, TypeScript, HTML5, CSS3

Frameworks

React.js, Next.js

Styling

Tailwind CSS, Responsive Design

Tools

Git, GitHub, Cursor AI (AI Code Generation),
Qwen

Concepts

Component Architecture, REST APIs, UI/UX,
E-commerce Dev

CORE STRENGTHS

- ▶ Responsive Development
- ▶ Reusable Components
- ▶ Custom UI Implementation
- ▶ Frontend Debugging
- ▶ Performance Optimization
- ▶ Problem Solving
- ▶ AI-Assisted Development

EDUCATION

Intermediate (ICS)

Elite College, Gujranwala

Matriculation

Unique Angel School, Gujranwala

PROFESSIONAL SUMMARY

Frontend Developer with 1.5+ years of hands-on experience building responsive, high-performance web applications using React.js, Next.js, and TypeScript. Skilled in converting design concepts into clean, maintainable, production-ready interfaces with a strong focus on responsive design, usability, performance, and cross-browser compatibility. Experienced with component-based architecture, Tailwind CSS, Git/GitHub, and hands-on AI-assisted development — using Cursor to generate, debug, and optimize production code alongside Qwen.

PROFESSIONAL EXPERIENCE

Frontend Developer | SyncOps

2025 – Present

- Develop and maintain responsive web applications using React.js, Next.js, and TypeScript.
- Build custom frontend interfaces for e-commerce, business, and service-based applications.
- Create reusable, scalable components and consistent UI patterns across projects.
- Implement responsive, mobile-first layouts using Tailwind CSS.
- Use Cursor and Qwen to accelerate coding, debugging, optimization, and development workflows.
- Collaborate with design and backend teams to deliver functional, visually accurate interfaces.
- Focus on performance, usability, accessibility, and cross-browser compatibility across devices.

Self-Learning & Skill Development | Independent

2024

- Built strong foundations in HTML, CSS, and JavaScript through practical projects.
- Progressed to React.js, Next.js, and TypeScript through real-world projects.
- Practiced responsive design, component architecture, API integration, and modern UI implementation.

SELECTED PROJECTS

ShopVerse – E-commerce Website — [shop-verse-five-ashen.vercel.app](#)

Responsive e-commerce frontend featuring product listing, shopping cart, reusable components, and a modern mobile-first UI using React.js/Next.js and Tailwind CSS.

3D Printer Business Website — [3d-printer-one.vercel.app](#)

Professional business website with product showcases and conversion-focused responsive layouts using React.js/Next.js and Tailwind CSS.

Personal Portfolio Website — *see Contact for link*

Responsive portfolio built with Next.js, React.js, and Tailwind CSS, showcasing frontend projects with performance, SEO, and mobile responsiveness in focus.
